installation and operation of a 100-kW)
agricultural-methane electrical generating)
facility at a dairy farm owned by Monument)
Farms Dairy, Inc., located at 3467 Route 23 in)
the Town of Weybridge, Vermont)

Order entered: 1/20/2011

ORDER RE: MOTION TO INTERVENE

On December 29, 2010, Monument Farms Three Gen, LLC ("Monument Farms") filed an amendment to its July 16, 2009, petition with the Vermont Public Service Board ("Board") for the issuance of a Certificate of Public Good for the construction and operation of a 135 kV agricultural-methane electrical generating facility located at Monument Farms Dairy in Weybridge, Vermont, pursuant to 30 V.S.A. § 248(j). The amendment proposes an increase in the size of the generator to 155 kV and upgrades to the distribution and communications equipment.

On December 27, 2010, Central Vermont Public Service Corporation ("CVPS") filed a motion to intervene in this docket under Board Rules 2.209(A) and 2.209 (B). CVPS states that the proposed project will interconnect with the electric system owned and operated by CVPS, and that CVPS has a substantial interest in assuring that the interconnection and operation of the proposed project will not have an adverse affect on the safety, reliability, and stability of its distribution system.

On January 4, 2011, Monument Farms filed a response to the motion of CVPS. Monument Farms stated that it did not object to CVPS's intervention in this proceeding.

I hereby grant the motion to intervene filed by CVPS on a permissive basis under Board Rule 2.209(B).

So ORDERED.

Dated at Montpelier, Vermont, this 20th day of January, 2011.
